[I'm Losing Hope](#)

posted 227 days ago by [Jack Dupp](#) +62 / -0

I live in a dark blue region. I'm surrounded by the most abject useful idiots you can imagine. Some of them are even in my family. My last two girlfriends were leftists. Not even casual liberals, but politically minded leftists. Politics was the coup d'grâce for both of these doomed relationships.

I thought by now more people would have broken through the fog of Marxist media manipulation, but it seems like time has only had the opposite effect, hardening the resolve of anti-American freaks. I pray that this is just my perception, that I'm actually wrong, and that more and more people are beginning to appreciate just how unhinged and desperate the media, the Left and the Democrat Party have become. But I don't get that sense at all. I don't know who to talk or turn to, but I feel hopeless and that ultimately I'm gonna have to take up arms in a civil war to protect my family from having to live under communism. This cannot be real life. Please tell me something positive.

Thank you. You have a positive vibe. I've completely lost my positivity. That's the worst part about all of this. But I feel that better days ahead.
